Appeal of Dr Gebhardt

The Reasons for Appeal are as follows:

1. The Hearing Tribunal misapprehended the evidence;
2. The Hearing Tribunal erred in the application of its test for credibility, including but not limited to finding the Complainant credible when he provided numerous instances of contradictory testimony;
3. The Hearing Tribunal made errors in the finding of facts;
4. The Hearing Tribunal gave undue weight to irrelevant facts and ignored or failed to adequately consider relevant facts;
5. The Hearing Tribunal made errors of law, including but not limited to allowing the Complainant to testify and allowing the Complaint Director's experts to comment on the Complainant's credibility;
6. The findings of the Hearing Tribunal were unreasonable;
7. The Hearing Tribunal reached an unreasonable conclusion when it found against Dr. Gebhardt;
8. Such further and other grounds of appeal as Dr. Gebhardt may assert.

Cross-Appeal of Complaints Director

1. The Hearing Tribunal's sanction determination of suspension instead of cancellation was unreasonable given its findings on the gravity of the conduct and the vulnerability of the patient and need to ensure the public's confidence in the College to fulfill its duty to protect the public.
2. The Hearing Tribunal failed to provide responsive justification in its Sanction Decision for its determination of suspension over cancellation.

Although open to the public, the Council Appeal panel can close a portion or all of the Appeal hearing at any time. When this occurs, all those who registered to attend will be asked to leave.
